BESIGHEIDSONTLEDING

Hoe produktief is u agri-besigheid? Deur ons diagnostiese instrument te gebruik om belangrike drywers te meet kan u u besigheid se resultate verbeter.

Ons het 'n diagnostiese instrument ontwikkel om u en u senior span te help om u belangrike besigheids-drywers te meet. Statistieke en KPA's word gebruik om verbeterings te dryf en besighede se mense en hulpbronne te laat fokus op dit wat belangrik is. Die diagnostiese instrument laat u toe om 'n objektiewe ontleding en strategiese verslag te kry en u toe te laat om deurlopende eie-assesering van u basislyn te doen.

Hierdie ontleding moet verkieslik deur meer as een persoon per onderneming voltooi word. Dit word elektronies gedoen en neem slegs ongeveer 30 minute om te voltooi, waarna 'n verslag binne 48 uur gereed sal wees.

Kostes word bepaal deur die hoeveelheid deelnemers, maar die volgende kan as riglyn dien:

1 Persoon: R2 750 plus BTW

4+ Persone: R 2 500 plus BTW per persoon

BUSINESS DIAGNOSTICS

How productive is your agri-business? Using our diagnostic tool to measure your business drivers can improve its success.

We have developed a diagnostic tool to assist you and your senior team to measure your important business drivers. Metrics and KPI's are used to drive improvements and help businesses focus their people and resources on what's important. The diagnostic allows you to obtain an objective assessment and strategic report and allows for continuous own-assessment based on your own baseline.

This analysis should preferably be done by more than one person in your business. This is done online and takes only about 30 minutes to complete, after which a report will be ready within 48 hours.

The costs are determined by the number of participants, but the following can serve as a guideline:

1 person: R2 750 plus VAT

4 + people: R 2 500 plus VAT per person

Tydsduur/Duration: 30 min.

Taal/Language: Afrikaans & English

Koste/Cost: 1 – 3 Inskrywings/ Enrolments: **R 2 750**; 4+ Inskrywings/Enrolments: **R2 500** *plus BTW/VAT

Metode/Method: Aanlyn Vraelys / Online Questionnaire
