

## ASSESSMENTS

Our associates offer a comprehensive range of assessment tools for personality types, aptitudes, competencies, behaviours, and skills. These assessments can support your selection processes or identify development needs for your current staff. Additionally, we provide online assessments that can be conducted at all levels within your organization.

*Online prospect screener assessment	Admin personal, supervisors, general workers
*Administered aptitude test	General workers, especially if illiterate
Psychometric assessment battery	Management
<b>Other available options</b>	<b>Screening tests available for all levels</b>

### \* OBJECTIVE

*To determine whether candidates meet the minimum universal requirements for further selection, and from here, propose further testing/interviews/selection processes, etc.*
