

HUMAN RESOURCE AUDIT

HopkinsCoetzee visits the client for a full HR audit. This visit requires the presence and cooperation of the HR manager and/or the administrative staff responsible for the Human Resource Function. If possible, some of the existing policies and documents will be requested in advance for background and preparation. The results of the audit are contained in a full report that gives recommendations regarding priorities and a possible action plan.

Facilitated by: Johan Hopkins

Audit & Report: R9500

Plus Travel (and accommodation cost if applicable)
